Sir,

Ref:- G.O.No. Ms. 1171 dated 8-5-1939 para (i) Part II Note (A)

***

In the above said G.O. No. Ms. 1171 dated 8-5-1939, it is stated that " A rebate of ~~20%~~ 2 % will be allowed on bills paid at the pay office, of the Municipality within 30 days from the date of issue of the bills".

In actual calculation at this rate, the rebate that is to be allowed at 2% to consumer has to be worked out to the nearest pie. It is very difficult to keep account of pies and even in Government transaction pies are rounded off to

P.T.O.

the nearest anna. Hence it is requested that the pies and fraction of a pie may be eliminated in calculating the rebate subject to a minimum rebate of one anna.

3 I request the favour of early orders in the matter.

Bellary Electric licence - Rebate allowable on bills paid at the Municipal office - Elimination of pies in calculation.

Ref:- Letter from the Commissioner Bellary Municipality C.no. 2241 dt 15-10-39

The proposal to eliminate pies in calculating rebate cannot be approved. In order to minimise computation work in calculating rebate it is suggested that for the last sentence in the note at the end of Part II of the Conditions of and Rates of supply (approved in G.O. no. 1171 Ely dt 8-5-39) the following sentence may be substituted.

A rebate of 4 pies per rupee on whole rupees will be allowed on bills paid at the Municipal office within 30 days from the date of issue of the bills (which will be sealed on the bill)

From the Chief Electrical Inspector to Government No. M-23-b-190 dated 8-11-39 to Government.

Forwarded to the Secretary to Government, Public Works Department, Madras.

I do not support the proposal to eliminate pies from bills for energy charges. The existing condition of allowing a rebate at 2 per cent involves calculation of fraction of a pie and rounding it off to the nearest pie. In order to minimise computation work I would suggest that for the last sentence in the note at the end of Part II (approved in G.O.No.Ms. 1171 dated 8-5-39) the following sentence, as in Cocanada and Coimbatore booklets, may be substituted.-

"A rebate of 4 pies per rupee on whole rupees will be allowed on bills paid at the Municipal office within 30 days from the date of issue of the bills (which will be sealed on the bill)"

2. A copy of my note is sent herewith.--

"The Resolution of the Municipal Council to round off pies to the nearest anna in the preparation of electric energy bills is not in the interests of consumers. Consumers should be charged only the actual amount arrived at by computing on the number of units consumed on the basis of the current rates approved by Government.

"The absence of a pies column in the form approved by Government cannot warrant the action proposed. The form should be suitably amended in case any difficulty in entering the pies is felt by the Council."

Returned to Government with the following remarks:-

2. Licensee has not given any special reason for enhancing the rebate from 4 pies to 6 pies for prompt payment. The present returns do not warrant this higher figure. The standard practice has been to allow a rebate of 2%; this has been adopted by many of the local authority undertakings. A higher rebate may be considered when the finance of the licensee improves.
